REQUEST FOR REFUND OF EXTENSION OF TIME FEES BECAUSE THE DELIVERY OF RESTRICTION REQUIREMENT WAS DELAYED

COMMISSIONER FOR PATENTS ALEXANDRIA, VIRGINIA 22313

SIR:

Applicant respectfully requests that the three months extension of time fee be refunded for the above-identified Application because the Restriction Requirement mailed May 25, 2005 was received by the undersigned Applicant's representative on September 1, 2005, more than three months after the mailing date. The facts concerning this matter are as follows.

Firstly, we note that the address was incorrectly indicated, even though the U.S.

Patent and Trademark Office correctly records the Applicant's representative on the Official

Filing Receipt mailed January 2, 2004.

According to the date-stamps on the envelope and the restriction requirement, it was returned to the Patent Office on *June 1, 2005*; then returned to the OIPE/IAP of the Patent Office on *June 17, 2005* before it was finally forwarded to the Applicant's representative on *September 1, 2005*.

A copy of the envelope of the Restriction Requirement with the Patent Office's Mail

Center's date-stamp and a copy of Restriction Requirement with the Patent Office's

OIPE/IAP's date stamp are enclosed for evidence.

Further, it is our firm's procedure that, upon receipt of mails from the Patent Office,

all mails are opened and logged in a daily computer log. The daily log from May 25, 2005 to

September 1, 2005 clearly shows the Restriction Requirement was received in our firm on

September 1, 2005. A printout of the daily log is also enclosed herewith for additional

evidence.

It is believed that the above discussion and documents enclosed herewith clearly

prove that this extensive delay in mailing the Restriction Requirement was the fault of the

Patent Office and therefore, Applicant believes the three months extension of time fee is not

due.

The three months extension of time fee due under 37 CFR 1.136(a) is enclosed

herewith. If the fee is not due, please credit the extension fee to our Deposit Account No.

15-0030. A duplicate copy of this sheet is enclosed.

Respectfully submitted,

DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- Claims 1-6, drawn to a method for forging a hollow rack bar, classified in class 29, subclass 897.
- II. Claims 7-12, drawn to an apparatus for forging a hollow rack bar, classified in class 72, subclass 352.

The inventions are distinct, each from the other because of the following reasons:

- 2. Inventions I and II are related as process and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case, the apparatus can be used in a process which does not require clamping the swaged blank pipe by a clamping die of a shape at the outer periphery thereof while locating a working core inside the blank pipe.
- 3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
- 4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
